Overview

The Single Message System (formerly known as the Mastercard Debit Switch® (MDS)) processes financial transactions. Authorization, clearing, and settlement occur in a single message.

This section contains information about exception processing of financial transactions processed on the Single Message System. Exception processing occurs:

- When an acquirer determines an error has been made, the acquirer can correct the error through an adjustment. An issuer may have the option of a chargeback.
- When the issuer determines a transaction may be invalid, the issuer may return the transaction to the acquirer as a chargeback.

The Single Message System will process a reversal transaction for the amount of the exception which will transfer the disputed funds between the two parties.

Issuers and acquirers that are connected to the Single Message System process exceptions using the Single Message Transaction Manager. Refer to the *Single Message Transaction Manager User Guide* for information.

Exception Transaction Types

Customers must support the following types of exceptions:

- Adjustment performed by the acquirer
- Chargeback and Correction of a Chargeback performed by the issuer
- Representment (also known as "second presentment") and Correction of Representment performed by the acquirer

Supporting Documentation

For procedures to process supporting documentation, refer to Mastercard Connect® > Technical Resource Center > Mastercom System.

Acquirer Adjustment Reason Codes

The following message reason codes are available for an acquirer to perform Single Message System adjustments and corrections.

Reason Code	Description
06	Correction of a Representment

Reason Code	Description
10	Correction of a Terminal Malfunction
20	Returned Item (U.S. Shared Deposits Only)
24	Empty Deposit Envelope (U.S. Shared Deposits Only)
25	Error in Addition (U.S. Shared Deposits Only)
26	Error in Settlement (U.S. Shared Deposits Only)
27	Customer Keyed Wrong Amount (U.S. Shared Deposits Only)
28	Non-Cash Item Deposited (U.S. Shared Deposits Only)
29	Foreign/Counterfeit Currency Deposited (U.S. Shared Deposits Only)
85	Adjustment Reversal

Message Reason Code 06-Correction of a Representment

The acquirer may use this message reason code to correct a representment.

Acquirer Correction

The table shown below details the requirements for this adjustment message reason code.

Correction Condition	The acquirer is reversing a representment, thereby canceling the original representment.
Time Frame	Between 1 and 10-calendar days after the representment settlement date.
Adjustment Message Reason Code	06
Supporting Documents	None
Additional Information	None
Notes	The acquirer has the option of submitting a new representment. However, the required representment documentation must be provided within 10-calendar days of the original representment date. The Single Message Transaction Manager only allows one correction per representment. When the acquirer determines an error occurred with the corrected representment, the acquirer must submit the <i>MDS Exception Item Processing Request</i> (Form 500) with a Single Message Transaction Manager screen print of the Adjustment History window within 10-calendar days of the original representment settlement date.

Issuer Chargeback

An issuer chargeback is not available for this message reason code.

Message Reason Code 10-Correct a Terminal Malfunction

The acquirer may use this message reason code to correct a terminal malfunction.

Acquirer Correction

The table shown below details the requirements for this adjustment message reason code.

Correction Condition	The acquirer is correcting a terminal malfunction.
Time Frame	For debit adjustments, between 1 and 45-calendar days after the transaction settlement date. For credit adjustments, between 1 and 120-calendar days after the transaction settlement date.
Adjustment Message Reason Code	10
Supporting Documents	None
Additional Information	None
Notes	For ATM transactions: When an adjustment is for the full amount of the original transaction, any ATM access fee must be included in the adjustment amount. An Issuer must accept a debit adjustment providing the adjustment was processed within 10-calendar days of the settlement date of the original transaction. An Issuer must accept a credit adjustment, regardless of the time frame. Single Message Transaction Manager only allows one correction per adjustment. When the acquirer determines an error occurred with the corrected adjustment, the acquirer must submit the <i>MDS Exception Item Processing Request</i> (Form 500) with a Single Message Transaction Manager screen print of the Adjustment History window within 10-calendar days of the original adjustment settlement date.

When the acquirer determines an error occurred with processing this message reason code 10, the acquirer may process a message reason code 85-Adjustment Reversal.

After performing a message reason code 85-Adjustment Reversal the acquirer has the option of submitting a new adjustment message reason code 10.

Issuer Chargeback

Refer to the individual chargeback message reason codes later in this section for chargeback requirements.

Message Reason Code 20-Returned Item (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 24-Empty Deposit Envelope (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 25-Error in Addition (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 26-Error in Settlement (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 28-Non-Cash Item Deposited (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 29-Foreign/Counterfeit Currency Deposited (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 30-Cardholder Disputed Amount (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Message Reason Code 85-Adjustment Reversal

The acquirer may use this message reason code to reverse an adjustment.

Acquirer Adjustment

The table shown below details the requirements for this adjustment message reason code.

Adjustment Condition	The acquirer is reversing an adjustment.
Time Frame	Between 1 and 10-calendar days after the original adjustment settlement date.
Adjustment Message Reason Code	85
Supporting Documents	None
Additional Information	Optional

Notes	The Single Message Transaction Manager only allows one correction per adjustment. When the acquirer determines an error occurred with the corrected adjustment, the acquirer must submit the <i>MDS Exception Item Processing Request</i> (Form 500) with a Single Message Transaction Manager screen print of the Adjustment History window within 10-calendar days of the original adjustment.
--------------	--

Issuer Chargeback

An issuer chargeback is not available for this message reason code.

Chargeback Reason Codes

The following message reason codes are available for an issuer to perform Single Message System chargebacks and corrections.

Reason Code	Description
03	Correction of a Chargeback
17	Cash Dispute-ATM Only
30	Cardholder Disputed Amount (U.S. Shared Deposits Only)
70	Chip Liability Shift
71	Transaction Amount Differs
73	Duplicate Transaction
74	No Cardholder Authorization
75	Credit Not Received
79	Goods or Services Not Provided
80	Late Presentment
95	Invalid Adjustment: Account Closed
96	Invalid Adjustment: Insufficient Funds

Correction of a Chargeback

The issuer may use this message reason code to reverse a chargeback.

Issuer Correction

The table shown below details the requirements for this chargeback message reason code.

Correction Condition	The issuer is reversing a chargeback.
Time Frame	Between 1 and 10-calendar days after the chargeback settlement date.
Adjustment Message Reason Code	03
Supporting Documents	None
Additional Information	None
Notes	The issuer has the option of submitting a new chargeback. The Single Message Transaction Manager only allows one correction per chargeback. When the issuer determines an error occurred with the corrected chargeback, the issuer must submit the <i>MDS Exception Item Processing Request</i> (Form 500) with a Single Message Transaction Manager screen print of the Adjustment History window within 10-calendar days of the original chargeback settlement date.

Acquirer Representment

An acquirer representment is not available for this message reason code.

Cash Dispute-ATM Only

The issuer may use message reason code 17 to dispute an ATM cash withdrawal.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	The cardholder contacted the issuer alleging that some or all of the funds debited from the cardholder's account as the result of an ATM withdrawal were not dispensed.
Time Frame	Between 5 and 120-calendar days from the transaction settlement date
Chargeback Message Reason Code	17
Supporting Documents	None

Notes	The issuer may chargeback only the disputed amount. This chargeback must not be used for fraud disputes. When a chargeback is for the full amount of the original transaction, any ATM access fee may be included in the chargeback amount.
--------------	--

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	The acquirer can provide evidence that the funds were correctly dispensed.
Time Frame	For India domestic ATM transactions: Within five-business days of the chargeback settlement date. For Nigeria domestic ATM transactions that are not On-Us: Within two-business days. For all other transactions: 45-calendar days from the chargeback settlement date.
Second Presentment Message Reason Code	13
Supporting Documents	Supporting documentation must be provided within 10-calendar days of the representment settlement date. The supporting documentation must come from the ATM or PIN-based In-branch journal and, at minimum, must include: • Account accessed • The ATM or PIN-based In-branch Terminal financial activity that occurred immediately before and after the disputed transaction occurred without any errors. • ATM or PIN-based In-branch Terminal number • Primary account number read from Track 2 of the magnetic stripe or from the chip • Transaction amount • Transaction date and time • Transaction trace • Transaction type

Notes	Supporting documentation must be in English or accompanied by an English translation. In addition to the supporting documentation, the acquirer may provide a transaction report. When provided, the transaction report must be accompanied by an explanation describing each element of the report and its definition in English. When applicable, domestic rules must be provided with supporting documentation. An On-Us transaction is a domestic transaction for which the issuer and acquirer is the same Customer.
--------------	---

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Cardholder Disputed Amount (U.S. Shared Deposits Only)

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Defective/Not as Described-Intra-U.S. Region and U.S. Territories Only

Chargeback rules on this subject appear in the "Domestic Chargeback" appendix.

Chip Liability Shift

The issuer may use message reason code 70 when the cardholder disputed an unauthorized transaction performed with an EMV chip card.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Counterfeit Fraud

Chargeback Condition	All of the following: • The cardholder contacted the issuer alleging that the transaction was fraudulent. • Both the issuer and the acquirer are located in a country or region that has adopted a domestic or intraregional chip liability shift, or that participates in the Global Chip Liability Shift Program for interregional transactions as shown in the below tables. • The transaction was conducted with a counterfeit card at a magnetic stripe reading-only ATM or POS terminal. • The validly issued card was a hybrid card. • The fraudulent transaction must be reported to the Fraud and Loss Database on or before the date the chargeback is processed.
Time Frame	For Maestro ATM transactions: Between 5 and 90-calendar days from the transaction settlement date. For all other transactions: Between 5 and 120-calendar days from the transaction settlement date.

Supporting Documents	One of the following: - Cardholder letter, email, message or completed <i>Dispute Resolution Form-Fraud</i> (Form 412) stating both of the following: - Neither the cardholder nor anyone authorized by the cardholder engaged in the transaction. - The cardholder or another person authorized by the cardholder was in possession and control of all valid cards issued to the account at the time of the transaction. - Cardholder letter, email, message or <i>Dispute Resolution Form-Fraud</i> (Form 412) stating that neither the cardholder nor anyone authorized by the cardholder engaged in the transaction and an issuer certification letter verifying counterfeit. For subsequent counterfeit transactions occurring after the account was closed, a copy of the original cardholder letter, email, message or completed <i>Dispute Resolution Form-Fraud</i> (Form 412) and the issuer's written certification stating the date the account was closed.
Notes	Supporting documentation must be in English or accompanied by an English translation. Supporting documentation must be provided within 10-calendar days of the chargeback settlement date. A completed <i>Dispute Resolution Form-Fraud</i> (Form 412) must be the result of contact with the cardholder.
Lost, Stolen, or Never Received Fraud	
Chargeback Condition	All of the following: - The cardholder contacted the issuer alleging that the transaction was fraudulent. - Both the issuer and the acquirer are located in a country or region that has adopted a domestic or intraregional chip liability shift, or that participates in the Global Chip Liability Shift Program for interregional transactions as shown in the below tables. - The transaction was conducted at a magnetic stripe reading-only POS terminal without PIN as CVM. - The transaction was conducted with a hybrid card. - The fraudulent transaction must be reported to the Fraud and Loss Database on or before the date the chargeback is processed.
Time Frame	For Maestro ATM transactions: Between 5 and 90-calendar days from the transaction settlement date. For all other transactions: Between 5 and 120-calendar days from the transaction settlement date.

Supporting Documents	- Cardholder letter, email, message or completed <i>Dispute Resolution Form-Fraud</i> (Form 412) stating: - Neither the cardholder nor anyone authorized by the cardholder engaged in the transaction. - The card was lost, stolen, or never received at the time of the transaction. - Cardholder letter, email, message or completed <i>Dispute Resolution Form-Fraud</i> (Form 412) stating that neither the cardholder nor anyone authorized by the cardholder engaged in the transaction and an issuer certification letter that the card was lost, stolen, or never received at the time of the transaction.
Notes	Supporting documentation must be in English or accompanied by an English translation. Supporting documentation must be provided within 10-calendar days of the chargeback settlement date. A completed <i>Dispute Resolution Form-Fraud</i> (Form 412) must be the result of contact with the cardholder.

Chip Liability Shift Program for Domestic and Intraregional Transactions

The following table identifies the effective dates for the Chip Liability Shift for domestic and intraregional transactions.

Table 1: Chip Liability Shift Program for Domestic and Intraregional Transactions

A chip liability shift in...	Effective for transactions dated on or after...
Domestic Programs	
Asia/Pacific	
American Samoa	12 April 2019 for ATM transactions
Australia	13 April 2012 for Mastercard ATM transactions 12 April 2019 for Maestro and Cirrus ATM transactions
Bangladesh	16 October 2015 for ATM transactions
Bhutan	16 October 2015 for ATM transactions
Brunei Darussalam, Cambodia, Christmas Island, Cocos (Keeling) Islands, Cook Islands, Fiji, French Polynesia, Guam, Heard and McDonald Islands, Hong Kong SAR	12 April 2019 for ATM transactions
India	31 December 2018 for ATM transactions
Indonesia	1 January 2022 for ATM transactions

Single Message System Chargebacks
Chip Liability Shift Program for Domestic and Intraregional Transactions

A chip liability shift in...	Effective for transactions dated on or after...
Domestic Programs	
Kiribati, Lao People's Democratic Republic, Macao SAR, Malaysia	12 April 2019 for ATM transactions
Maldives	16 October 2015 for ATM transactions
Marshall Islands, Micronesia, Federated States of, Mongolia, Myanmar, Nauru	12 April 2019 for ATM transactions
Nepal	18 April 2018 for ATM transactions
New Caledonia	12 April 2019 for ATM transactions
New Zealand	13 April 2012 for Mastercard ATM transactions
Niue, Norfolk Island, Northern Mariana Islands, Palau, Papua New Guinea, Philippines, Pitcairn, Samoa, Singapore, Solomon Islands	12 April 2019 for ATM transactions
Sri Lanka	16 October 2015 for ATM transactions
Thailand, Timor-Leste, Tokelau, Tonga, Tuvalu, U.S. Minor Outlying Islands, Vanuatu, Vietnam, Wallis and Futuna	12 April 2019 for ATM transactions
Canada	31 March 2011 for ATM transactions 31 December 2015 for Maestro POS transactions
Europe region (all countries in region)	1 January 2005 for all transactions
Latin America and the Caribbean	
Argentina	16 October 2015 for all transactions
Brazil	1 March 2008 for all transactions
Colombia	1 October 2008 for all transactions
Uruguay	16 October 2015 for all transactions
Venezuela	1 July 2009 for all transactions
All other countries and territories	17 October 2014 for all transactions

Single Message System Chargebacks
Chip Liability Shift Program for Domestic and Intraregional Transactions

A chip liability shift in...	Effective for transactions dated on or after...
Domestic Programs	
United States region (consisting of the United States)	1 October 2015 for all POS transactions except automated fuel dispenser transactions (MCC 5542) 21 October 2016 for ATM transactions 16 April 2021 for automated fuel dispenser transactions (MCC 5542)
Intraregional Programs	
Asia Pacific region—for the following countries and territories only:	
Australia, Christmas Island, Cocos (Keeling) Islands, Cook Islands, New Zealand, Niue, Norfolk Island, and Tokelau	13 April 2012 for Mastercard ATM transactions 12 April 2019 for Maestro and Cirrus ATM transactions
Bangladesh, Bhutan, Maldives, and Sri Lanka	16 October 2015
India	31 December 2018
Indonesia	1 January 2022 for ATM transactions
Korea, Republic of	16 October 2020 for ATM transactions
Nepal	18 April 2018
All other countries and territories	12 April 2019 for ATM transactions
Europe region	1 January 2005 for all transactions
Latin America and the Caribbean region	1 January 2005 for all transactions
Intercountry Programs	
Germany and United States	1 January 2015 through 20 October 2016 for Debit Mastercard ATM transactions
Germany and Puerto Rico	
Germany and U.S. Virgin Islands	

Chip Liability Shift Program for Interregional Transactions

The following table identifies the effective dates for the Chip Liability Shift for interregional transactions.

Table 2: Chip Liability Shift Program for Interregional Transactions

In this region...	The following countries and territories participate...	Effective for transactions dated on or after...
Asia/Pacific	All	Currently in effect for Maestro POS transactions
	Australia and New Zealand	31 December 2015 (Mastercard ATM transactions)
	Bangladesh, Bhutan, Maldives, and Sri Lanka	16 October 2015 for ATM transactions
	India	31 December 2018 for ATM transactions
	Indonesia	1 January 2022 for ATM transactions
	Nepal	18 April 2018 for ATM transactions
	All other countries and territories	19 April 2013 (Maestro ATM transactions)
	All other countries and territories	20 October 2017 (Mastercard and Cirrus ATM transactions)
Canada	All	31 December 2015 for Maestro POS transactions - Currently in effect for ATM transactions
Europe	All	Currently in effect for all transactions
Latin America and the Caribbean	All	Currently in effect for Maestro POS transactions
	Mexico	1 September 2014 for all transactions
	Puerto Rico and U.S. Virgin Islands	19 April 2013 for Maestro ATM transactions 21 October 2016 for Mastercard and Cirrus ATM transactions
	All other countries and territories	18 October 2013 for Mastercard ATM transactions - Currently in effect for Maestro and Cirrus ATM transactions
Middle East/Africa	All	Currently in effect for all transactions

In this region...	The following countries and territories participate...	Effective for transactions dated on or after...
United States	All	19 April 2013 for Maestro ATM transactions 1 October 2015 for all Maestro POS transactions except automated fuel dispenser transactions (MCC 5542) 21 October 2016 for Mastercard and Cirrus ATM transactions 1 October 2017 for Maestro POS automated fuel dispenser transactions (MCC 5542)

Improper Use for Issuer Chargeback

The issuer must not initiate a chargeback using reason code 70 when one of the following:

- The transaction was a properly identified Mastercard Consumer-Presented Quick Response (QR) transaction. Refer to Appendix E for Mastercard Consumer-Presented QR transactions identification requirements.
- Fraud Notification Service alert
 - The issuer approved the transaction after submitting two or more chargebacks involving the same card account (for this purpose, "account" means Primary Account Number (PAN), or PAN and expiration date) for reason code 70 or 74.
 - The issuer submitted more than 15 chargebacks involving the same account (as defined above) for reason code 70 or 74.
- The transaction was a properly identified contactless transaction.
- A Digital Secure Remote Payment (DSRP) transaction or any subsequent transaction for related partial shipment or recurring payment. Refer to Appendix E for Digital Secure Remote Payment transaction identification requirements.
- For United States issuers only-A U.S. issuer must not initiate a chargeback for lost, stolen, or never received card fraud when a chip transaction occurred with signature as the CVM outside of the U.S. region at a hybrid POS terminal supporting offline PIN as the only PIN CVM, with a U.S.-issued chip card personalized with online PIN as the only PIN CVM.
- Technical fallback occurred.

Term	Definition
Technical Fallback Transaction	In a technical fallback transaction, either the chip or the Hybrid POS Terminal failed, as shown by the presence of a value of 01, 79, or 80 in DE 22 (Point-of-Service Entry Mode), subfield 1 (POS Terminal PAN Entry Mode) in the Financial Transaction Request/0200 message and authorized online. Refer to the <i>Single Message System Specifications</i> manual for Data Element values.

Term	Definition
Hybrid POS Terminal	A POS Terminal that: 1. Is capable of processing both contact chip transactions and magnetic stripe-based transactions; 2. Has the equivalent hardware, software, and configuration as a hybrid POS terminal with full EMV Level 1 and Level 2 type approval status with regard to the chip technical specifications; and 3. Has satisfactorily completed the Mastercard Terminal Integration Process (TIP) in the appropriate environment of use. A Hybrid POS Terminal is identified with a value of 3, 5, 8, or 9 in DE 61 (Point-of-Service Data), subfield 11 (POS Card Data Terminal Input Capability Indicator) in the Financial Transaction Request/0200 message, as described in the <i>Single Message System Specifications</i> manual.

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	One of the following: • The card is not a hybrid card (meaning the service code is not 2xx or 6xx) • The issuer previously charged back two or more transactions involving the same card account prior to the authorization approval date of the disputed transaction for reason code 70 or 74 • The issuer previously charged back more than 15 transactions involving the same card account for reason code 70 or 74 • The transaction was not properly reported to the Fraud and Loss Database on or before the chargeback date. Mastercard allows three days from the reporting date for the Fraud and Loss Database processing. Mastercard considers the Fraud and Loss Database reporting within time when the transaction reporting date in the Fraud and Loss Database is within three days of the chargeback date. • A hybrid card was used at a hybrid POS terminal and the transaction was properly identified as fallback • The transaction involved an issuer or acquirer located in a country or region without an applicable domestic or intraregional Chip Liability Shift or that does not participate in the Global Chip Liability Shift for interregional transactions • The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days For all other transactions: 45-calendar days from the chargeback settlement date

Second Presentment Message Reason Code	13
Supporting Documents	An explanation and documentation supporting the Second Presentment Condition.
Notes	Supporting documentation must be in English or accompanied by an English translation. Supporting documentation must be provided within 10-calendar days of the chargeback settlement date.

Transaction Amount Differs

The issuer may use message reason code 71 when the cardholder contacted the issuer alleging that the cardholder was billed an incorrect amount.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	The billing discrepancy could be for one of the following reasons: • The merchant's addition error that resulted in an incorrect total on the TID or other documentation. • The merchant increased the transaction amount without the cardholder's permission. • The imprinted amount or printed amount on the TID was processed instead of the correct transaction amount as evidenced by other information on the TID or documentation. • The cardholder paid for goods or services by other means. "Other means" may include the same card.
Time Frame	Between 5 and 120-calendar days from the transaction settlement date
Chargeback Message Reason Code	71
Supporting Documents	None
Notes	The issuer may chargeback only the disputed amount.

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	One of the following: - The acquirer can provide evidence that the amount debited from the cardholder's account was correct. - The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days. For all other transactions: 45-calendar days from the chargeback settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.
Notes	Supporting documentation must be in English or accompanied by an English translation.

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercard within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Duplicate Transaction

The issuer may use reason code 73 when the cardholder contacted the issuer alleging that the cardholder's account has been debited more than once for the same transaction.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	An issuer can determine that the transaction is a duplicate when the ATM or POS terminal number, transaction amount, transaction date, and authorization response code are identical for the transactions in question.
Time Frame	Between 5 and 120-calendar days from the transaction settlement date
Chargeback Message Reason Code	73
Supporting Documents	None
Notes	Mastercard strongly recommends the issuer use message reason code 17-Cash Disputes-ATM Only for ATM transactions. Mastercard strongly recommends the issuer use message reason code 71-Disputed Amount for Maestro POS transactions to charge back the transaction as paid by other means. "Other means" may include the same card.

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	One of the following: • The acquirer can provide evidence to support two separate transactions, or proof that a credit was issued. • The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days. For all other transactions: 45-calendar days from the transaction settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.

Notes	Supporting documentation must be in English or accompanied by an English translation.
--------------	---

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

No Cardholder Authorization

The issuer may use reason code 74 when the cardholder contacted the issuer alleging that the cardholder did not participate in or authorize the transaction.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	One of the following: - The transaction is a contactless transaction that exceeds the applicable contactless CVM limit and was completed without successful online PIN verification or on-device cardholder verification. - The UCAF collection indicator in DE 48 (Additional Data), subelement 42 (Electronic Commerce Indicators), Subfield 1 (Electronic Commerce Security Level Indicator and UCAF Collection Indicator, position 3 (UCAF Collection Indicator) contains a value of zero. - The UCAF data in DE 48 (Additional Data), subelement 43 (Static AAV for Maestro or Mastercard Advance Registration Program), position 1 contained a value of 3 (Transaction processed under the Maestro Advance Registration Program). - The transaction is an intra-Brazil contactless magnetic stripe transaction that exceeds BRL 50 and online PIN was not the CVM. DE 22 (Point of Service Entry Mode), subfield 1 (POS Terminal PAN Entry Mode) contained a value of 91 and DE 61 (Point of Service [POS] Data), subfield 11 (POS Card Data Terminal Input Capability Indicator) contained a value of 3 or 4.
Time Frame	Between 5 and 120-calendar days from the transaction settlement date
Chargeback Message Reason Code	74
Supporting Documents	None
Notes	This message reason code must not be used for Mastercard Consumer-Presented Quick Response (QR) transactions.

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	One of the following conditions is met: • The transaction was approved and PIN was the CVM • Fraud Notification Service (FNS): The issuer previously charged back two or more transactions involving the same card account prior to the authorization approval date of the disputed transaction for reason code 70 or 74 • FNS: The issuer previously charged back more than 35 transactions involving the same card account for reason code 70 or 74 • The issuer did not properly report the transaction to the Fraud and Loss Database on or before the chargeback date • The merchant was located in a signature waiver country as defined in the <i>Transaction Processing Rules</i> manual, chapter 3-Acceptance Procedures, section Merchant Acceptance Procedures, subsection Maestro Cardholder Verification-PIN and Signature Requirements and can provide a cardholder signed transaction receipt. • A Digital Secure Remote Payment (DSRP) transaction, DE 48, subelement 42 (Electronic Commerce Indicators), subfield 1 (Electronic Commerce Security Level Indicator and UCAF Collection Indicator), position 3 (UCAF Collection Indicator) is set to 2 in authorization, or any subsequent transaction for related partial shipment or recurring payment occurred. Refer to Appendix E for Digital Secure Remote Payment transaction identification requirements. • The acquirer determines the chargeback is otherwise invalid.
Time Frame	For Nigeria domestic transactions: Within two business days. For all other transactions: 45-calendar days from the chargeback settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.
Notes	Supporting documentation must be in English or accompanied by an English translation.

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Credit Not Received

The issuer may use reason code 75 to dispute one of the following:

- An account was not credited.
- An account was debited instead of credited.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	The cardholder contacted the issuer alleging that the cardholder's account was not credited for a refund from a merchant or was inaccurately debited instead of credited.
-----------------------------	---

Time Frame	When the transaction was identified with one of the following MCCs: • Airlines and Air Carrier (MCCs 3000 through 3350, 4511) • Car Rental Agencies (MCCs 3351 through 3500, 7512) • Cruise Lines (MCC 4411) • Lodging-Hotels, Motels, Resorts (MCCs 3501 through 3999, 7011) • Motor Home and Recreational Vehicle Rental (MCC 7519) • Real Estate Agents and Managers—Rentals (MCC 6513) • Theatrical Producers, Ticket Agencies (excluding Motion Picture) (MCC 7922) • Travel Agencies and Tour Operators (MCC 4722) And one of the following: 1. For transactions completed using a card issued in either Canada or the United States at a merchant located in either Canada or the United States, both of the following: – Between 5 and 120-calendar days from the original delivery or performance date specified by the merchant. – Within 540-calendar days from the Settlement Date of the original transaction. 2. For all other transactions, both of the following: – Between 5 and 120-calendar days from the latest anticipated delivery or performance date specified by the merchant. For cases involving merchant-provided vouchers for future use, the voucher expiration date is considered the latest anticipated delivery or performance date specified by the merchant. – Within 365-calendar days from the original expected delivery or performance date specified by the merchant. For transactions not identified with one of the MCCs listed above: Between 5 and 120-calendar days from the transaction settlement date. The 120-calendar days begin on one of the following: • The date the service was canceled or the goods were returned. • The date on the credit documentation. • The date on the cardholder letter when the credit documentation was undated. • The date the issuer receives an undated cardholder letter. • The date the Timeshare was canceled.
Chargeback Message Reason Code	75
Supporting Documents	None

Notes	This chargeback should be for the amount of the refund, or when the account is debited instead of credited, twice the amount of the refund. Staged Digital Wallet. A transaction to fund a Staged Digital Wallet (SDW) may be charged back if the funds did not appear in the SDW. Chargeback rights are not available for any subsequent purchase of goods or service from an SDW. SDW transactions are identified with a wallet identifier in DE 48 (Additional Data-Private Use), subelement 26 (Wallet Program Data), subfield 1-Wallet Identifier and in PDS 0207-Wallet Identifier of the First Presentment/1240 Message. For transactions in which value or assets are purchased for gambling, investment or similar purposes: This chargeback right is only available for a transaction in which the purchased value or assets failed to appear in the account agreed to between the cardholder and the merchant. For the avoidance of doubt, chargeback rights are not available for 1. refunds, withdrawals or transfer requests, 2. terms and conditions or account access, 3. winnings, gains or losses, or 4. use or subsequent use. A second presentment must contain documentation of the value or asset either appearing in, or transferred to, the account agreed to between the cardholder and the merchant.
--------------	---

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	The acquirer can provide evidence to support one of the following: • The credit was processed to the cardholder's account. • The timeshare cancellation occurred more than 14-calendar days from the timeshare agreement date. • The transaction was correctly processed. • The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days. For all other transactions: 45-calendar days from the chargeback settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.

Notes	Supporting documentation must be in English or accompanied by an English translation.
--------------	---

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Goods or Services Not Provided

The issuer may use reason code 79 when the cardholder claims goods or services were not received.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	The cardholder contacted the issuer alleging the cardholder's account has been debited for goods or services that were to be shipped, delivered or otherwise provided and were not received by the expected delivery date.
-----------------------------	--

Time Frame	When the transaction was identified with one of the following MCCs: • Airlines and Air Carrier (MCCs 3000 through 3350, 4511) • Car Rental Agencies (MCCs 3351 through 3500, 7512) • Cruise Lines (MCC 4411) • Lodging-Hotels, Motels, Resorts (MCCs 3501 through 3999, 7011) • Motor Home and Recreational Vehicle Rental (MCC 7519) • Real Estate Agents and Managers—Rentals (MCC 6513) • Theatrical Producers, Ticket Agencies (excluding Motion Picture) (MCC 7922) • Travel Agencies and Tour Operators (MCC 4722) And one of the following: 1. For transactions completed using a card issued in either Canada or the United States at a merchant located in either Canada or the United States, both of the following: – Between 5 and 120-calendar days from the original delivery or performance date specified by the merchant. – Within 540-calendar days from the Settlement Date of the original transaction. 2. For all other transactions, both of the following: – Between 5 and 120-calendar days from the latest anticipated delivery or performance date specified by the merchant. For cases involving merchant-provided vouchers for future use, the voucher expiration date is considered the latest anticipated delivery or performance date specified by the merchant. – Within 365-calendar days from the original expected delivery or performance date specified by the merchant. For transactions not identified with one of the MCCs listed above: Between 5 and 120-calendar days from the transaction settlement date or the date the goods or services were to be provided. One of the following conditions must be met before processing the chargeback: • When the date the goods or services were to be provided as agreed upon by the merchant and the cardholder has passed. • When a specific delivery date is not provided, the issuer must wait 30-calendar days from the transaction settlement date. • When the determination has been made that the merchant will not provide the goods or services because, for example, the merchant is no longer in business. • When the cardholder canceled the order for goods or services, the goods or services were not provided, and the cardholder did not receive a credit. • In cases involving the purchase of a merchant-branded prepaid gift card without an expiration date printed on the card and that merchant subsequently goes out of business, one of the following: – For transactions completed using a card issued in either Canada, the United States, or one of the U.S. Territories at a merchant located in either
-------------------	---

Canada, the United States, or one of the U.S. Territories: Within 120-calendar days of the Settlement Date of the first presentment.

The U.S. Territories consist of American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands.

- For all other transaction: Within 540-calendar days from the Settlement Date of the first presentment.
- In cases involving the purchase of a merchant-branded prepaid gift card with an expiration date printed on the card and that merchant subsequently goes out of business: Within 120-calendar days from the expiration date printed on the card.

After 120-calendar days from the transaction settlement date or the date the goods or services were to be provided, the issuer may file a pre-compliance, followed by a compliance case (when applicable), when a system limitation prevents a valid chargeback.

Chargeback Message Reason Code	79
Supporting Documents	None
Notes	The issuer may chargeback only the disputed amount. This message reason code must not be used when the merchant was willing and able to provide the goods or services and the cardholder refused to accept the goods or services. Staged Digital Wallet. A transaction to fund a Staged Digital Wallet (SDW) may be charged back if the funds did not appear in the SDW. Chargeback rights are not available for any subsequent purchase of goods or service from an SDW. SDW transactions are identified with a wallet identifier in DE 48 (Additional Data-Private Use), subelement 26 (Wallet Program Data), subfield 1-Wallet Identifier and in PDS 0207-Wallet Identifier of the First Presentment/1240 Message. For transactions in which value or assets are purchased for gambling, investment or similar purposes: This chargeback right is only available for a transaction in which the purchased value or assets failed to appear in the account agreed to between the cardholder and the merchant. For the avoidance of doubt, chargeback rights are not available for 1. refunds, withdrawals or transfer requests, 2. terms and conditions or account access, 3. winnings, gains or losses, or 4. use or subsequent use. A second presentment must contain documentation of the value or asset either appearing in, or transferred to, the account agreed to between the cardholder and the merchant.

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	The acquirer can provide evidence to support one of the following: • The goods or services were provided. • The merchant was willing and able to provide the goods or services and the cardholder refused to accept the goods or services. • The merchant and the cardholder agreed to provide the goods or services at a later date. • The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days. For all other transactions: 45-calendar days from the chargeback settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.
Notes	Supporting documentation must be in English or accompanied by an English translation.

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: • Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. • Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Late Presentment

An issuer may use reason code 80 when the transaction was authorized offline by the chip and submitted into clearing more than seven-calendar days after the transaction date.

Issuer Chargeback

The table shown below details the requirements for this message reason code.

Chargeback Condition	The issuer must use good-faith efforts to collect the transaction amount from the cardholder before the issuer exercises this chargeback. The issuer may use reason code 80 when all of the following conditions are met: • The transaction was authorized offline by the chip. • The transaction was submitted into clearing more than seven-calendar days after the transaction date. • The cardholder's account is closed or the cardholder's account does not contain sufficient funds to cover the transaction amount.
Time Frame	Between 5 and 120-calendar days from the transaction settlement date
Chargeback Message Reason Code	80
Supporting Documents	None
Notes	None

Acquirer Representment (Second Presentment)

The table shown below details the requirements of the second presentment for this message reason code.

Second Presentment Condition	The acquirer can provide evidence to support one of the following: • The transaction date is within the seven-calendar day time limit. • The cardholder's account is open. • The chargeback was invalid.
Time Frame	For Nigeria domestic transactions: Within two-business days. For all other transactions: 45-calendar days from the chargeback settlement date
Second Presentment Message Reason Code	13
Supporting Documents	The merchant's explanation and documentation supporting the Second Presentment Condition.

Notes	Supporting documentation must be in English or accompanied by an English translation.
--------------	---

Mastercard Automated Reversal

The table shown below details the automated reversal process.

Mastercard Automated Reversal Condition	Both of the following: - Acquirer representment supporting documentation was not provided through Mastercom within 10-calendar days of the representment settlement date. - Both the issuer and the acquirer are not in Europe
Time Frame	11-calendar days from the representment settlement date
Mastercard Automated Reversal Message Reason Code	19
Supporting Documents	None
Notes	Mastercard will credit the issuer and debit the acquirer.

Invalid Adjustment-Account Closed

An issuer may use message reason code 95 to chargeback an invalid adjustment when the account is closed.

Issuer Chargeback

The table shown below details the requirements for this chargeback message reason code.

Chargeback Condition	Both of the following: - The account is closed. - The acquirer's adjustment must have been processed between 11 and 45-calendar days after the transaction settlement date.
Time Frame	Between 1 and 20-calendar days after the adjustment settlement date.
Chargeback Message Reason Code	95
Supporting Documents	None
Additional Information	Optional
Notes	None

Acquirer Representment (Second Presentment)

Representment is not available for this message reason code.

Invalid Adjustment-Insufficient Funds

An issuer may use message reason code 96 to chargeback an invalid adjustment when the account has insufficient funds.

Issuer Chargeback

The table shown below details the requirements for this chargeback message reason code.

Chargeback Condition	Both of the following: • The account does not have sufficient funds. • The acquirer's adjustment must have been processed between 11 and 45-calendar days after the transaction settlement date.
Time Frame	Between 1 and 20-calendar days after the adjustment settlement date.
Chargeback Message Reason Code	96
Supporting Documents	None
Additional Information	Optional
Notes	None

Acquirer Representment (Second Presentment)

Representment is not available for this message reason code.
